DECKWRIGHT STUDIO

Presentation decks for businesses and professionals in the US

You send your material, and we make the whole deck from it.

You get a finished deck without building slides yourself

YOUR TASK

You need an investor pitch, sales deck or board report

You are deciding where to order it.

WHAT WE DO

We make the whole deck from your material

You send your material. You don't build slides yourself.

Everything on your slides comes from your material

- We build the deck from your material
- We don't invent facts, figures or quotes
- If something is missing, we ask

Four steps take you from material to final files

01

You send your material

Text, numbers, logo and photos, plus a deposit to book the work.

02

We send a preview

We send it once we have both your material and the deposit. It is a PDF of every slide with a watermark.

03

Revisions

Two rounds of changes are included in the price. After each round we send the updated preview.

04

You approve and get the files

You pay the second half and get the final files.

Deadlines and revision terms are set before you order

50%

Deposit to book the work

Up to 3

Business days for the preview

2

Rounds of changes included in the price

Up to 2

Business days for each updated preview

$100

Each round from the third on

The Interactive package adds a web version that works offline

Standard

A PowerPoint file (.pptx) you can edit

A PDF

Interactive

The same files as Standard

A web version (HTML)

Opens in a current web browser on a computer, tablet or phone

Works without an internet connection

Built-in calculator and quick slide picker

The web version has a calculator and a slide picker

A video of the web version of a sample deck. Tallgrass Robotics is made up.

Video plays in the HTML version of this deck

The slide count and total price are agreed in writing first

$700

Standard package

$1,500

Interactive package

1 to 12

Slides at the package price

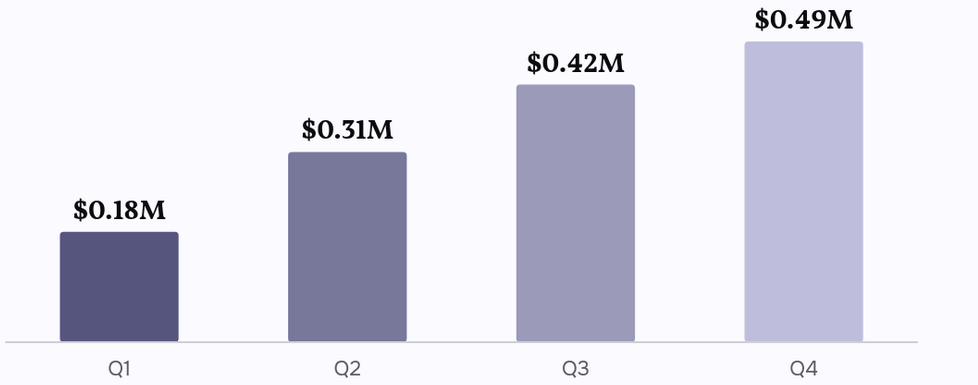

$40

Each slide over 12

You can change the PowerPoint file yourself

- Change the text, colors and fonts
- Standard Office fonts, nothing to install
- Charts keep numbers in an editable worksheet

Revenue grew every quarter of 2025

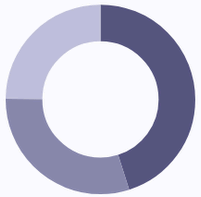

Revenue by quarter, $M

4 / 9

Most of the round goes to manufacturing

$8M

Raising

Manufacturing	45%
Sales	30%
R&D	25%

8 / 9

Charts like these stay editable in PowerPoint

From a sample deck. Tallgrass Robotics and its figures are made up.

We build the deck for you
